## Women Have Big Meeting

[Continued from Page One]

statesman and the deep sympathy of a great American, President Wilson saw the situation; he pictured in his mind's eye the stalwart sons of noble mothers, the tender husbands of happy wives, the youthful brothers of loving sisters, marching away from the land of their birth—a sacrilegious sacrifice in the interests of greed. He looked into the hearts of those mothers, wives, sisters and sweethearts and saw the wells of sorrow that God alone could close, and he heard again his own sweet mother's voice, softened with love and pride, and his decision was made.

"No," I can hear him say, "the happy homes of America will not be darkened by separation or death in the interests of the special few. A so-called glorious death will not comfort the hearts of the noble women of America. There will be no war with Mexico."

Every promise the Democratic party made four years ago has been kept, not in a makeshift manner, but in a statesmanlike way for the permanent benefit of the whole country.

The eight-hour law was touched upon and the speaker ended that part of her talk by saying that "every increase in wages and every decrease in hours means additional comfort in the home; means more companionship and a better understanding and a greater and closer bond of love."

Miss Raffetto then turned her attention to Representative Roberts and asked why he was not in Washington to vote on the eight-hour law; why he voted against the Clayton bill; why he supported the Pittman land bill in the house and now keeps silent in regard to it. She spoke of E. E. Caine's record in Nevada—one of service which has endeared him to the hearts of all who know him—and said that if sent to Washington "his energy, voice and vote will at all times be for the interests of the state and nation."

A good word was spoken for J. A. Sanders, William Kennett, and the county members of the ticket and the speaker in concluding said:

"Let me say to you that the Democratic party does not ask your votes on a promised regime of good deeds, but on a record of achievements. That which has been accomplished is but an echo of the good things yet to be inaugurated. There is no room in the Democratic party for reactionaries; progressives of the stalwart, fighting kind are the men who take pride today in calling themselves Democrats. They are men and women who recognize the fact that we are Americans first, Democrats afterwards; Democrats only because we recognize that through the Democratic party only can measures of lasting benefit to the American people be inaugurated. Democracy is the hope and mainstay of the people of America, the clearing house of the needs of the people, and with the hearty co-operation and support of the people, President Wilson, with hands upheld by such men as Pittman and Caine, will make our country the envy of the world by reason of the progressive policies he will put into effect."

Mrs. J. E. Bray, after being presented, spoke of the political situation from the point of view of a woman belonging to the great middle class of America, the class on whose shoulders rests the burden and duty of adjusting fairly and impartially for all classes the great economic,

social and national questions which must arise in the government of the greatest republic upon earth.

After speaking briefly of the economic legislation accomplished by the Democratic party under the leadership of Woodrow Wilson, Mrs. Bray turned her attention to the so-called Woman's party, speaking first of its organization and development, of the way its leaders at the present time are trying to organize the women of this state, and of all suffrage states, to defeat the men who worked for and gave liberally to aid the cause when it was by no means a popular measure. Mrs. Bray made it plain that even if the Susan B. Anthony Amendment could be forced through congress it would be many years before the ratification of the necessary number of states could be obtained, and she went on to say:

"Since the time of the betrayal of Christ Jesus, a Judas, who accepts love and favors and aid only to turn on those from whom these favors came, has been executed and held up to the scorn of men. \* \* \* And I cannot believe the women of the west can be used by these misguided women as tools to betray those who have aided them to obtain the ballot, no matter how often they make the boast that they will have the vote of the 4,000,000 enfranchised women to use against the men who have conferred suffrage upon them."

"When I think of the sublime assurance of a band of women who have not been clever enough to convince the men of their own states that they are fit for the franchise (and as I see more of their methods I don't wonder that men do not think it safe to trust them with the ballot) coming to the west to tell western women how to vote, it makes my free, independent blood boil; and if I thought for a moment that women could be voted in numbers like tramps and hoboes, I would be the first to agitate against the extension of so dangerous a gift as suffrage to them."

Mrs. Bray, in closing her address made a plea for the passage of both amendments to be voted on in this state at the coming election. No. 1 will aid the schools of the state and No. 2 enable the state to take advantage of federal aid in the good roads movement.

Between addresses there were recitations by Mrs. Will Knippenberg and vocal solos by Miss Gladys Woods, who was accompanied on the piano by Mrs. Riker. In all it was a treat, politically and intellectually, that will not soon be forgotten.

After the speaking a brief business session of the club was held at which committees were appointed to give a "Wilson Tea" at the rooms of the Democratic County Central committee on Sunday night, but of this future announcements will be made.

## Order of Things May Be Reversed

The big guns of the Republican party will be in Carson tomorrow and in the evening will have their final powwow at the Grand theater. The band has been engaged and all the red fire in town purchased, so big doings are looked for.

In connection with the speaking which follows the parade it has been suggested that by way of variety Sam Platt confine his remarks in Carson to tariff and the Mexican situation and that Congressman Roberts unseal his lips and give his views on the Pittman land bill, a measure that he supported and worked for in congress, but regarding which he has maintained an ominous silence since his return to Nevada. He might tell why.

## Frame Will Talk at C. & C. Tonight

J. M. Frame, the leading Socialist of Nevada, will deliver an address at the C. and C. theater this evening at 8 o'clock. Mr. Frame will talk on the simple pure article of Socialism and progressive legislature. From what can be learned he intends to tear to pieces the arguments that Sam Platt and Grant Miller have been making in their speeches throughout the state and show up the speciousness of their talk.

Mr. Frame is one of the best platform orators in the state and a lawyer of recognized ability, and what he says tonight should prove interesting to the people who have heard Grant Miller talk, and also to true Socialists who believe in the principles of their party. He is the best posted man in the state on Socialism. From present indications a crowded house will greet him and in order to secure a seat, come early.

## Free Program at Grand Tomorrow

The management of the Grand will give a free matinee Thursday afternoon at 2:30, at which time the great mystery serial, "The Mysteries of Myra" will be the program. Thursday being the regular booking day for "Myra," but as the theater on Thursday evening is being used for the Republican rally and the management of the Grand not wishing to disappoint the many admirers of "Myra" has decided on the matinee. This is the fourteenth episode and there is but one more chapter to follow.

Attention—The Eagles have arranged for a big varied program for Friday night. Full details later.

## Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor—I want to write you about "Anuric." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Anuric Tablets so I thought I would try them. I took only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Sincerely, Mrs. Wm. KELLER.

NOTE: This "Anuric" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, rendering urine and urinary troubles. The physicians and specialists at Dr. Pierce's great Institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.

Patients having once used "Anuric" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Anuric" in the drug stores of this country, in a ready-to-use form. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood cleanser and alternative that starts the liver and stomach into vigorous action. It thus assists the body to make rich, red blood, which feeds the heart, nerves, brain and organs of the body. You feel clean, strong and strenuous.

# A Vote for Constitutional Amendment Number 2 IS A VOTE FOR GOOD ROADS

There will be voted upon at the coming general election an amendment to the Constitution of the State of Nevada, which proposes to increase the borrowing power of the State from \$300,000 to one per cent of its assessed valuation.

At the last session of Congress the sum of \$75,000,000 was appropriated for the construction of good roads in the United States, and of this sum nearly \$1,000,000 was appropriated to the State of Nevada.

To obtain this appropriation it will be necessary for the State of Nevada to create a State Highway Fund, and with its present limited borrowing power the State is absolutely unable to create such a fund and so obtain this money.

If this amendment is carried in the coming election the legislature will be asked to create a Highway Fund, which will be distributed among the various counties in such proportions as the legislature may prescribe, supplementing such funds as the counties will expend for road construction. The total amounts thus expended by the State of Nevada and its various counties will enable Nevada to secure this government appropriation of \$1,000,000.

This proposed amendment is one of the most constructive ever submitted to the people of this State. In the excitement of the general election its value and importance is overlooked.

We urge all good citizens to give their enthusiastic support to this amendment which means so much to the development and prosperity of every section of Nevada.

NEVADA GOOD ROADS CLUB.
